GLS VOICE JULY-AUGUST 2026

FROM CLASSROOM TO ISRO: A REMARKABLE STUDENT ACHIEVEMENT

Yash Shah and Anvi Panchal, students of the Faculty of Engineering & Technology, GLS University, have been selected for internship opportunities at the Indian Space Research Organisation, Ahmedabad.

The selection reflects their academic excellence, technical competence, and commitment to learning. During the internship, they will gain valuable hands-on experience by working alongside experts at one of India's premier space research organizations.

This achievement marks an important milestone in their academic journey and highlights the opportunities available to students through dedication, skill, and continuous learning.
